Testimonial

S

“

"...This Roadshow was beyond well organized. The Bespoke Connections team affirmatively, but always with grace, ensured that investors and investment managers had sufficient time to speak with one another... In turn, this led to focused meetings, cogent exchanges and a decent follow-up yield from introductions. We are seriously considering attending another such roadshow."

Global Real Estate

“

"We are delighted to have partnered with Bespoke Connections to help raise for our first VC Fund. The Bespoke team have understood our needs, and we have rapidly developed a very productive relationship. The challenges of the global situation did not stop them connecting us with new investors, one of which has now agreed to invest."

Swedish Venture Capital Fund

“

"Another excellent event from the Bespoke Team. ..we only met decision-makers with very active portfolios - in comparison to other events where you are more likely to meet professional advisers or middle men. The team were also excellent on the day, coping with the snowy curve ball of the weather, re-arranging everyone's schedules so that we met with everyone...We came away with a very full and promising future diary."

UK PropTech Manager

“

"...We have selected Bespoke Connections because they have a very efficient way of selecting pre-qualified family offices and that fits our ambition in terms of fundraising. The process is very professionally handled in several cities across Europe. "

European Venture Capital Fund

“

"... Bespoke Connections did an amazing job helping introduce us to exactly the sort of limited partners that we were looking to develop long term relationships with over the next 10-20-30 years. ... We are appreciative and pleased with what Bespoke has done and we look forward to having a long term relationship with them in the future."

US Private Equity

“

"What we have enjoyed the most about today's experience is the fact that it was a small group of investors we presented our fund to, so the conversations were generally of high quality. Following these discussions we have made a number of follow up meetings and conversations."

European Real Estate Manager

“

"We found the quality of investors of really high calibre and of wide range. Working with Bespoke allowed us to meet investors we would have otherwise not come across. With these connections we now have an exposure to an investor base that would otherwise be difficult to access."
